Welcome to Central India's Global University

Greetings to you from the Jagran Lakecity University!

It is indeed a pleasure for me to welcome you to this introduction to our University. I am happy that you are considering this institution as a destination of choice for the pursuit of education. We at Jagran Lakecity University (JLU) endeavour to ensure that every learner who becomes a part of the JLU family, finds their experience and learning at our institution truly rewarding, memorable and enriching. We aim at inculcating in our students the skill set that makes them not merely adept in their chosen field of learning but also equipped with values and capacities to make their lives socially useful and satisfying.

We strive every moment through our intent and actions to create a `psychologically safe space` for all who are part of the JLU family.

We at JLU are blessed to have a committed management, dedicated faculty, conscientious staff and a proactive student community. This allows us to strive and achieve excellence. We invite you to join us in this noble endeavour and partner in our efforts to build a robust education framework for India that is dedicated to promoting excellence, equity and equality. Once again, welcome to Jagran Lakecity University! Experience the hope and happiness of being a Jagranite!

Sandeep Shastri

Dr. Sandeep Shastri

Jagran Lakecity University

THE ONLY UNIVERSITY IN CENTRAL INDIA WITH A TRULY GLOBAL ENVIRONMENT

“ At JLU, the members of the faculty are very helpful, cooperative and supportive. The infrastructure at the University is one of its kind making it a peaceful environment to learn. We’re also provided with the latest top quality equipment to support our practical learning. I feel fortunate to choose JLU as my destination to study. ”

Raunaq Ahmed

BFA (Animation and VFX), Class of 2024

About The University

Jagran Lakecity University (JLU) Bhopal is a state private university established under Section 2(f) of UGC Act 1956 and is based out of Bhopal, Madhya Pradesh.

JLU Bhopal is one of the fastest growing and one of the most awarded universities of Central India having practice-based pedagogy at its core. Currently, the university is offering 50+ degree programs under 6 faculties to more than 2500 students and has a strong alumni network of over 3000 graduates from 8 countries and 27 states of India.

JLU Bhopal is the only participating university from Central India to the ERASMUS+ programme under the Tuning India Project, funded by the

European Commission and is also currently the country chair for Association of Universities of Asia Pacific (AUAP).

JLU became the first university in MP & CG to be awarded the DIAMOND rating by QS I-Gauge, an International Rating agency in June 2021. Recently EducationWorld ranked JLU as the No. 1 University in M.P. and No. 15 in India under Multidisciplinary University Category. Furthermore, E-Learning Excellence for Academic Digitization (E-Lead) Certification by QS was bestowed on JLU for its state of the art digital infrastructure in the year 2020.

JLU has been presented with the 'University of the Year' award by the Government of Madhya Pradesh for five consecutive years from 2015 to 2019 and has also been recognized as a Global League Institution in 2015 at the House of Commons, London, UK.

THE DIAMOND OF MADHYA PRADESH AND CHHATTISGARH - JAGRAN LAKECITY UNIVERSITY

**RATED AMONGST TOP
25 UNIVERSITIES IN INDIA
FIRST IN MP & CG**

Shri Hari Mohan Gupta
Chancellor, Jagran Lakecity University with
QS I.GAUGE Rating Certificate

Ensuring Engagement as the Core Building Block of Education

Enabling Assured Placement Opportunities and Support

Supporting Entrepreneurial Aspirations Extensively

Providing Quality Infrastructural and Functional Facilities on Campus

Benchmarking Curriculum Through Adept Professionals

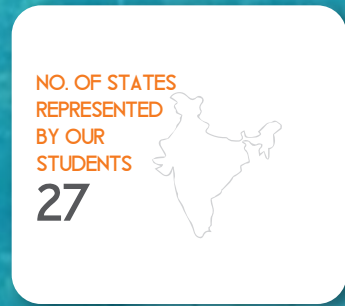

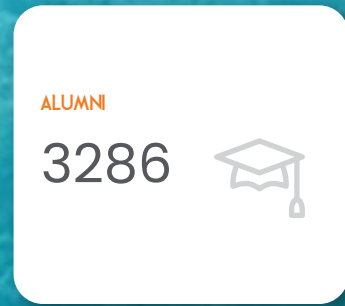

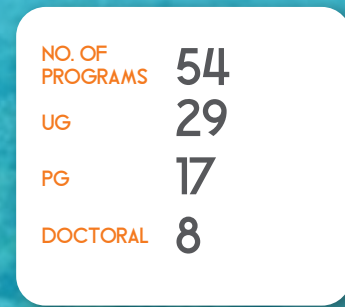

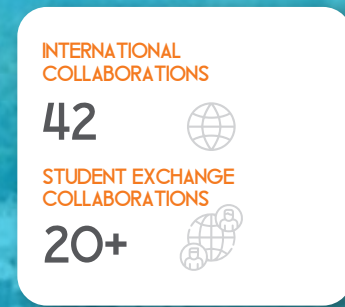

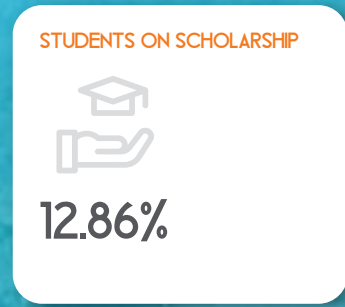

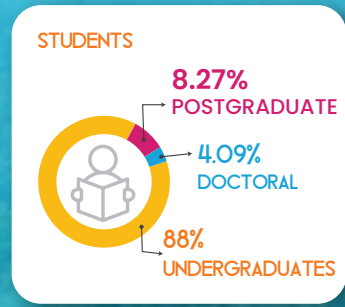

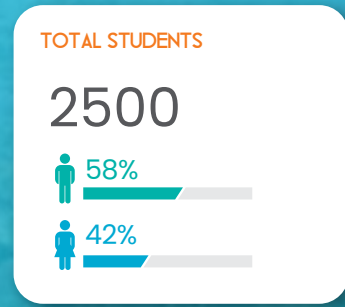

Jagran Lakecity University (JLU), in June 2021, became the 1st and the only university in Madhya Pradesh & Chhattisgarh to be conferred with the revered 'Diamond' rating by QS I-GAUGE, a comprehensive and independent rating system for India's universities and colleges. QS I-GAUGE is backed by the global expertise, experience and reputation of UK-based (QS) 'Quacquarelli Symonds'. JLU was rated amongst the Top 25 Universities in India and first in MP & CG.

JLU was assessed on two main criteria subdivided into several important key indicators that demonstrate academic excellence.

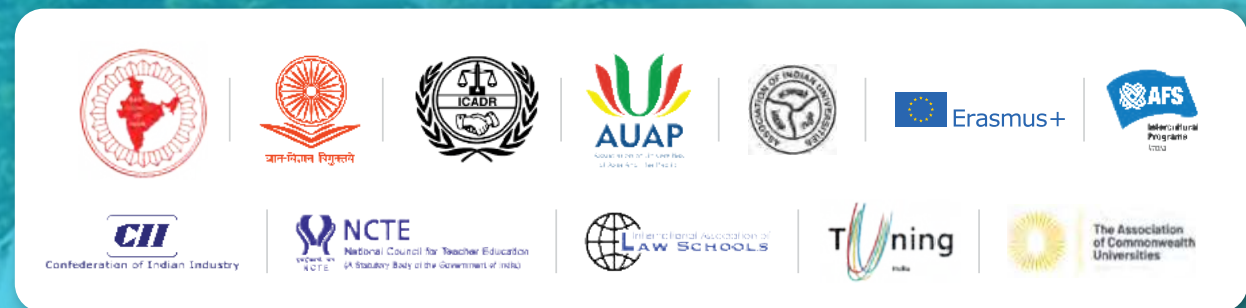

The university showed outstanding performance in the parameters 'Teaching & Learning', 'Employability', and 'Entrepreneurship', getting the PLATINUM ranking in these three, which were the main contributors for the overall diamond ranking.

Heart Behind JLU

Jagran Social Welfare Society Bhopal is promoted by Shri Hari Mohan Gupta along with other members with the ideology and thoughts for social cause by their inspiration and fatherly figure Late Shri Guru Dev Gupta since the year 1997. It is registered with Registrar of Societies (Madhya Pradesh) as a non-proprietary, not for profit, charitable welfare organisation with the main objective to develop and propagate educational programs, by way of establishing progressive schools, colleges, universities or other educational institutions in India, open to all without any distinction of race, caste or creed and other social welfare objectives of the Society. The Society works with a mission to make world-class quality education more accessible and affordable for students to pursue their dreams. We believe our mission will help make the world a better place. At the center of our vision are values - defined by our students and those who will employ them. We prepare our students by inculcating knowledge in their minds, ethos in their heart and a sense of commitment towards the country. We believe, development of knowledge with compassion, love and moral character will lead to the well-being of entire humanity.

Four Pillars of JLU

Jagran Lakecity University stands on a strong foundation based on our four key pillars. These pillars are central to everything we have achieved and wish to achieve in the future.

At JLU, we ensure that we put the interests of our students first, acknowledging their voice as central to the learning experience.

Through our system of cross electives, the students get an opportunity to build on their degree programs based on their specific areas of interests and choice.

JLU offers more than 15 degree programs which are in close collaboration with industry leaders like KPMG, National Stock Exchange, Wizcraft, Taxmann, ACCA, CIMA, and Imagine XP to name a few.

Since its inception, Jagran Lakecity University has carefully built-in components of global exposure in all the programs offered at undergraduate and postgraduate level.

International Collaborations

Our Fourth Pillar gives a global dimension to our vision of being an International University. We have partnered with some of the best universities abroad to ensure our students get accustomed to the changes and innovations happening all around the world. Through these collaborations, Jagranites get global exposure under International Pathway Programs, Connected Classroom Programs, Credited Electives, International Teaching Months, Exchange Programs for faculty and students, Semester Exchanges, and International Summer Schools. We have also crafted special arrangements with our partner universities so that our students get economic benefits in tuition fees while enrolling in any of our partner universities abroad for Postgraduate Programmes.

 **50+**
GLOBAL PARTNERS ACROSS
UNIVERSITIES & INDUSTRIES

International Pathway Programs

Study alongside other overseas students for one-semester, with opportunities to learn and collaborate with local undergraduate students from Jagran Lakecity University. They are designed specifically for Study Abroad students, with a style of teaching that is similar to the UK and European Universities, and programme dates tend to fall in line with UK/ European universities.

Students can join the semester programme for credit towards degrees at their home institutions. As a guide, each semester is worth 20 to 24 credits, depending on the classes taken. Each credit is approx. 10 hours of classroom learning.

International Summer Schools

Our Summer Study Abroad programme is ideal for students who are looking for high-quality, short-term courses. The programme provides an intensive experience of practical projects, tutorials and workshops, with many courses featuring visit to places of interest in Bhopal and beyond. We offer courses for students who have completed a year of undergraduate-level study in their specialist area, as well as those with little or no experience.

“ I would like to thank JLU Bhopal for giving me a wonderful opportunity to study at the London College of Communication. This visit has given international exposure to my studies and a chance to visit another country where I got to interact with students and faculty from different countries. I am a better, more confident and learned person because of this visit. ”

Bhopal – The City of Lakes

With all the advantages of a major city Bhopal offers an enviable lifestyle and ideal study environment. Bhopal the City of Lakes, the capital of Madhya Pradesh, has multiple lakes amidst picturesque settings. Bhopal is an enchanting combination of scenic beauty, old historic city and modern urban planning. The old city with its crowded market places, fine old mosques and palaces intermingles the new city with its broad avenues, high rise offices and exquisitely laid out parks and gardens. The city is famous for silver jewellery, exquisitely fashioned beadwork, embroidered and sequined velvet fashioned purses and cushions. Endowed with numerous educational institutions and installations, Bhopal is an important educational, industrial, economic and political center of the State as well as Central India apart from being a cultural and performing arts hub

Bhopal was selected as one of the first twenty Indian cities to be developed as a smart city under the flagship Smart Cities Mission. Bhopal is one of the most liveable, safe, relaxed and affordable cities in India. The cost of living in Bhopal is up to 19% lower than Indore and big metro cities of India.

World Class Infrastructure

Jagran Lakecity University has a pristine campus which is spread over a vast area of 232 acres. The campus is surrounded by lush green forest from three sides, making it a beautiful place to stay. The University is only 15 minutes away from the city center and provides students with a safe and secure environment to stay in.

The university campus has 14 ultra-modern academic blocks consisting of classrooms, auditorium and labs established for training students. It has a 28,000 sqft Pyramid shape library giving students access to more than 42,000 books and journals. The campus is completely Wi-Fi enabled and secured with CCTV cameras.

JLU believes in an all-round development of its students and hence offers various sports and recreational facilities on the campus. The facilities range from a modern gym, 25 meters swimming pool, dance studios, drama theatres, football and basketball courts. It also consists of a dedicated student lounge which gives access to indoor games and is a fun area for the students on campus.

Overall the campus is large enough to be exciting, yet somehow small enough to make you feel like you belong on it.

Academic Facilities

The 14 academic blocks at Jagran Lakecity University are designed to give students a comprehensive learning experience. JLU has 145+ Classrooms, 50+ Labs, 4 Auditoriums, 28000 sq. ft. Library, 8 Conference Halls & GD Rooms. At full capacity, the academic infrastructure can accommodate up to 5000 learners at once. The 232-acre campus surrounded by sprawling greenery encapsulates the academic facilities and enhances the overall learning experience of the students. Teaching, Learning, and conducting research with the best and brightest students and members of faculty requires an academic infrastructure that measures up to international standards and JLU exactly delivers on that.

“ *There is a genuine sense of community at Jagran Lakecity University. Our job is to look after the best interests of our students.* ”

Extra Curricular Activities

Extra-Curricular activities play an important role in getting students involved in campus life. Students can become a part of the University community, and create their own unique JLU experience. Student life at Jagran Lakecity University is designed to enrich and augment the overall development of each student. It provides students with a variety of outlets to stretch themselves creatively, physically, and intellectually through numerous activities and events. Whether you're working with businesses, volunteering with the local community, or picking up a sport for the first time, the opportunities you gain throughout your time here will set you up for the rest of your life. The university does it via student run clubs that are mentored by the faculties.

JLU Student Clubs:

 <p>SPORTS AND ADVENTURE CLUB</p>	 <p>PHOTOGRAPHY CLUB</p>	 <p>DRAMATICS CLUB</p>	 <p>COMMUNITY SERVICE CLUB</p>
 <p>MUN AND DEBATING SOCIETY</p>	 <p>MUSIC AND DANCE CLUB</p>	 <p>STARTUP AND ENTREPRENEURSHIP CLUB</p>	 <p>LITERARY CLUB</p>

Student Accommodation

At Jagran Lakecity University, many students opt for residential facilities as they come from all over the country. With an intention to offer a home away from home, the university offers comprehensive hostel facilities both, on campus and outside the campus for all its students. The arrangement is a highly secured and comfortable one so that the students can focus on academics and their overall development. The rooms are fully furnished, properly ventilated, and adequately sunlit.

On-Campus Facility:

A 300+ bed hygienic and secured facility within the Chandanpura campus is surrounded by nature and is situated away from the hustle-bustle of city life.

Off-Campus Facility:

JLU also provides a 100+ bed, off-campus accommodation facility only for boys. The campus is accessible easily with the help of a frequently available JLU transport facility.

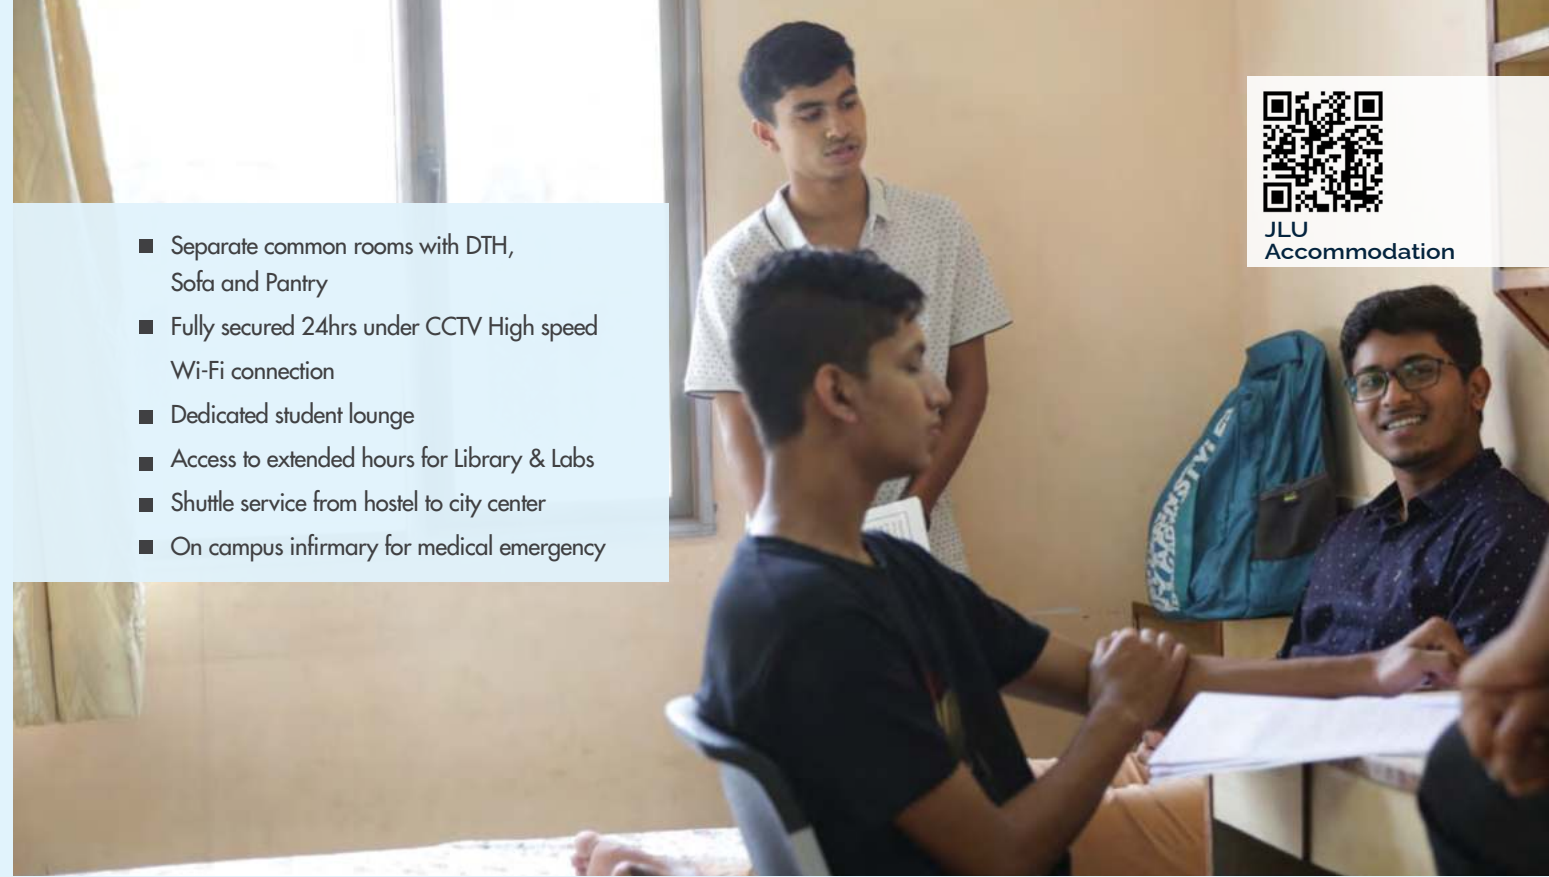

Upcoming Facility:

University is building a 1000+ bed state-of-an-art hostel facility which is going to be ready by 2023.

- Separate common rooms with DTH, Sofa and Pantry
- Fully secured 24hrs under CCTV High speed Wi-Fi connection
- Dedicated student lounge
- Access to extended hours for Library & Labs
- Shuttle service from hostel to city center
- On campus infirmary for medical emergency

Mess and Food Courts

Mess:

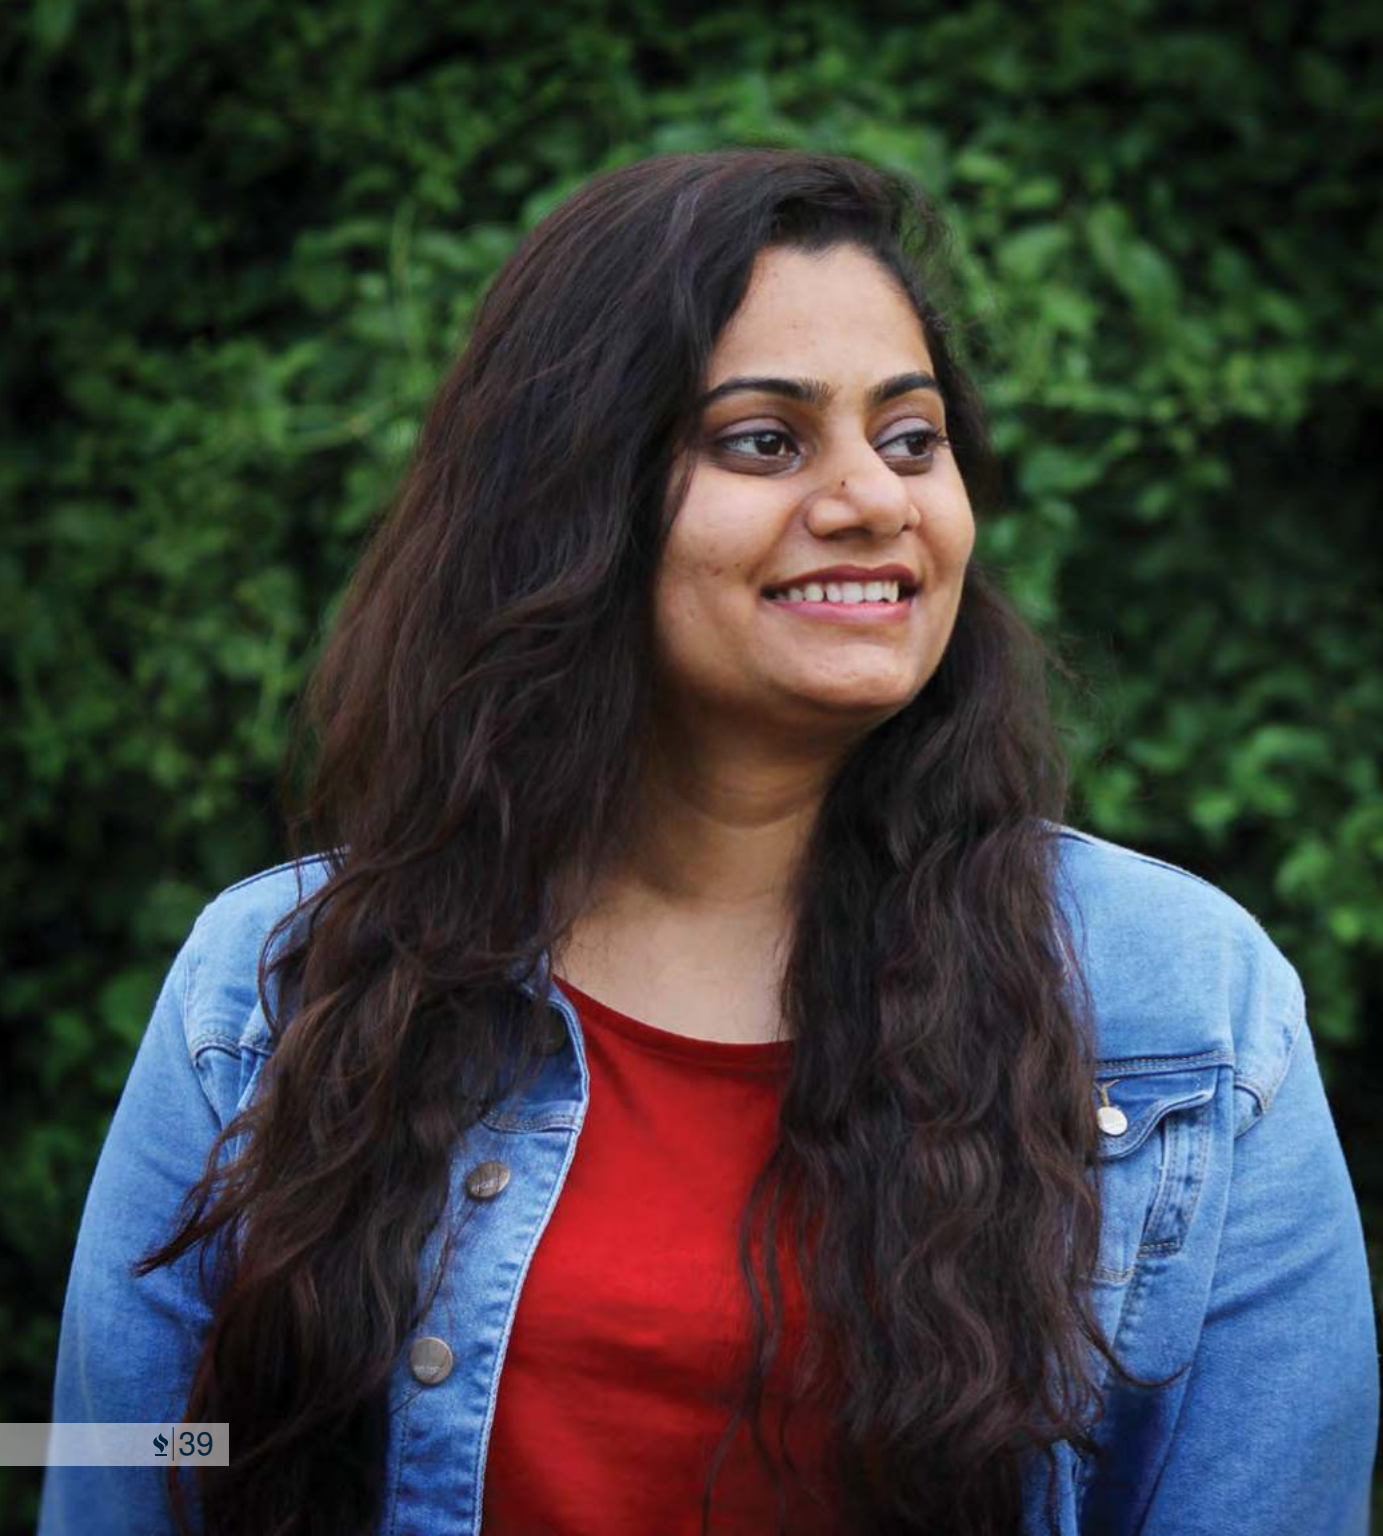

The University's dining hall with its modern kitchen is designed to cater students & staff with hygienically cooked, mouthwatering dishes. For the Hostelites, a very spacious mess serves nutritious food 4 times a day.

The best part about the mess at Jagran Lakecity University is that the student committee along with the faculty members decides the menu for every semester. So, when students and administrators join hands to improve the food on campus, Mess is no longer a monotonous place with boring food.

Food Court:

For the foodies, our campus has a lively eating space, called 'APPETITE'. It has 5 food outlets where you can indulge yourself in delightful cuisines from around the globe. Food is an opportunity for a university to define its culture and APPETITE is exactly that - a melting point for the entire university to come, sit together as one single community and enjoy the food.

But that's not all, JLU regularly hosts food festivals and events that appeal to every palette and are amazing to socialize and make new friends. Food is nourishment for our bodies and a lot more than that, so we have facilitated the students to take the time to enjoy it.

Healthcare And Safety

Communication, awareness and prevention are essential for personal safety. Jagran Lakecity University takes a proactive approach to maintain a safe and secure environment for the entire campus community. The key features of our campus security are:

- Round the clock security guards around the campus.
- 24 hour campus patrols by security personnel.
- Availability of first-aid kits at residential halls, academic buildings and library.
- Availability of a dedicated round the clock transport on campus in case of medical emergency.
- Fire protection equipment in all student areas of the campus.
- Safety education to every student.

Anti-Ragging

Ragging is an offence under UGC Regulations on Curbing the Menace of Ragging in Higher Educational Institutions 2009, which defines ragging as: "Causing, inducing, compelling or forcing a student, whether by way of practical joke or otherwise, to do any act which detracts from human dignity or violates his/her person or exposes him/her to ridicule from doing any lawful act."

The institution shall take strict action including but not limited to criminal proceeding and/or cancellation of admission against those found guilty of ragging and/or of abetting ragging and the burden of proof shall hereby lie on the perpetrator of alleged ragging and not on the victim. An offence of Ragging may be charged either on a written complaint by the affected or on independent finding of the Anti-Ragging Squad. JLU is bound by the UGC Regulations on Curbing the Menace of Ragging.

Jagran Lakecity University, has formed an Anti - Ragging Committee which governs the prevention of any means of Ragging within the University.

Study at Jagran Lakecity University

“ We are proud of our association with Jagran Lakecity University in central India. As a selected KPMG Training Partner we offer unique access to our financial platforms so that students can acquire industry relevant skills. ”

*-Sanjeev Shrivastava

- BA(Hons) Economics

NSE Financial Market Labs

Jagran Lakecity University in collaboration with National Stock Exchange Academy Limited (Wholly-owned subsidiary of National Stock Exchange of India Ltd) for the first time in Madhya Pradesh has set up Trading Terminals at the University. The collaboration will yield an enormous amount of career opportunities for students from the school of Commerce and Economics as they will get an in-depth knowledge on various aspects as well as practical exposure.

Events of Faculty of Management and Commerce

The Faculty of Management and Commerce events are carefully designed to bring in crème de la crème for the students to interact with so that they can become professional in their conduct and moral in their behaviour. Virtuosos of the business world from specializations ranging from Finance, Marketing, HR, and Entrepreneurship are invited to share their industry experience and useful advice which comes in handy for the students when they venture into the corporate field.

Management and Commerce events are nothing if not knowledgeable and eventful. It is the only place where critical thinking meets creative thinking. Hence, be it the annual budget-based debate competition or logo designing workshop, the students not just have to research, and prepare, but also have to present impressively. The events always push to understand and get students exposed to the trends of the industry which is one of the most essential traits to be successful in the field.

Student Run Media Outlets

At the Faculty of Journalism and Creative Studies, student-run media is more than just an opportunity for budding journalists, filmmaker, animators and radio storytellers to hone their craft. No one knows the ins and outs of the University like students, so no one is better positioned to share what's happening, what's now, and what's next.

Students from across disciplines are part of JLU's student-run media culture because the best way to learn is to actively participate, we encourage everyone to try their hand at reporting, editing, writing, or the many other opportunities available through campus radio Lakecity Voice, its TV station Lakecity Live, its print publication Lakecity News as well as its audio podcast Lakecity Buzz. Join any of these outlets to learn more about life at JLU from those who truly live it.

JLU Wittyfeed Centre for New Media

Jagran Lakecity University and WittyFeed (one of the world's largest digital content organisations) signed a Memorandum of Understanding to establish "JLU WittyFeed Centre for New Media". The mission of the Centre is to focus on digital content development, encourage digital storytelling and bring about deeper media education and research in the digital space. This Centre is the first of its kind in India, where the world's top viral content organization and a leading University came together to collaborate and bring students, academia and practitioners together.

Impact for Nutrition

Impact4Nutrition (I4N) is the interface for strengthening engagement between the private sector with the Government and bi-lateral/development partners (including other initiative partners pan India) around the various aspects of nutrition in Madhya Pradesh. In line with this goal, both JLU & UNICEF along with the I4N platform have set up the I4N State Secretariat of Madhya Pradesh at Jagran Lakecity University. This State secretariat is part of the Impact4Nutrition network to engage the private sector on nutrition and is the first State Secretariat in India.

The I4N secretariat also strives to create a multi partnership forum to support its larger goal of mobilizing private sector action for POSHAN Abhiyaan Jan Andolan. UNICEF provides technical support to the State Secretariat of Impact4Nutrition, built capacity of the Secretariat and its partners on understanding of nutrition to help strengthen its work in the State.

INDIA TODAY RANKS
FACULTY OF LAW

CAREER360 RANKS
FACULTY OF LAW

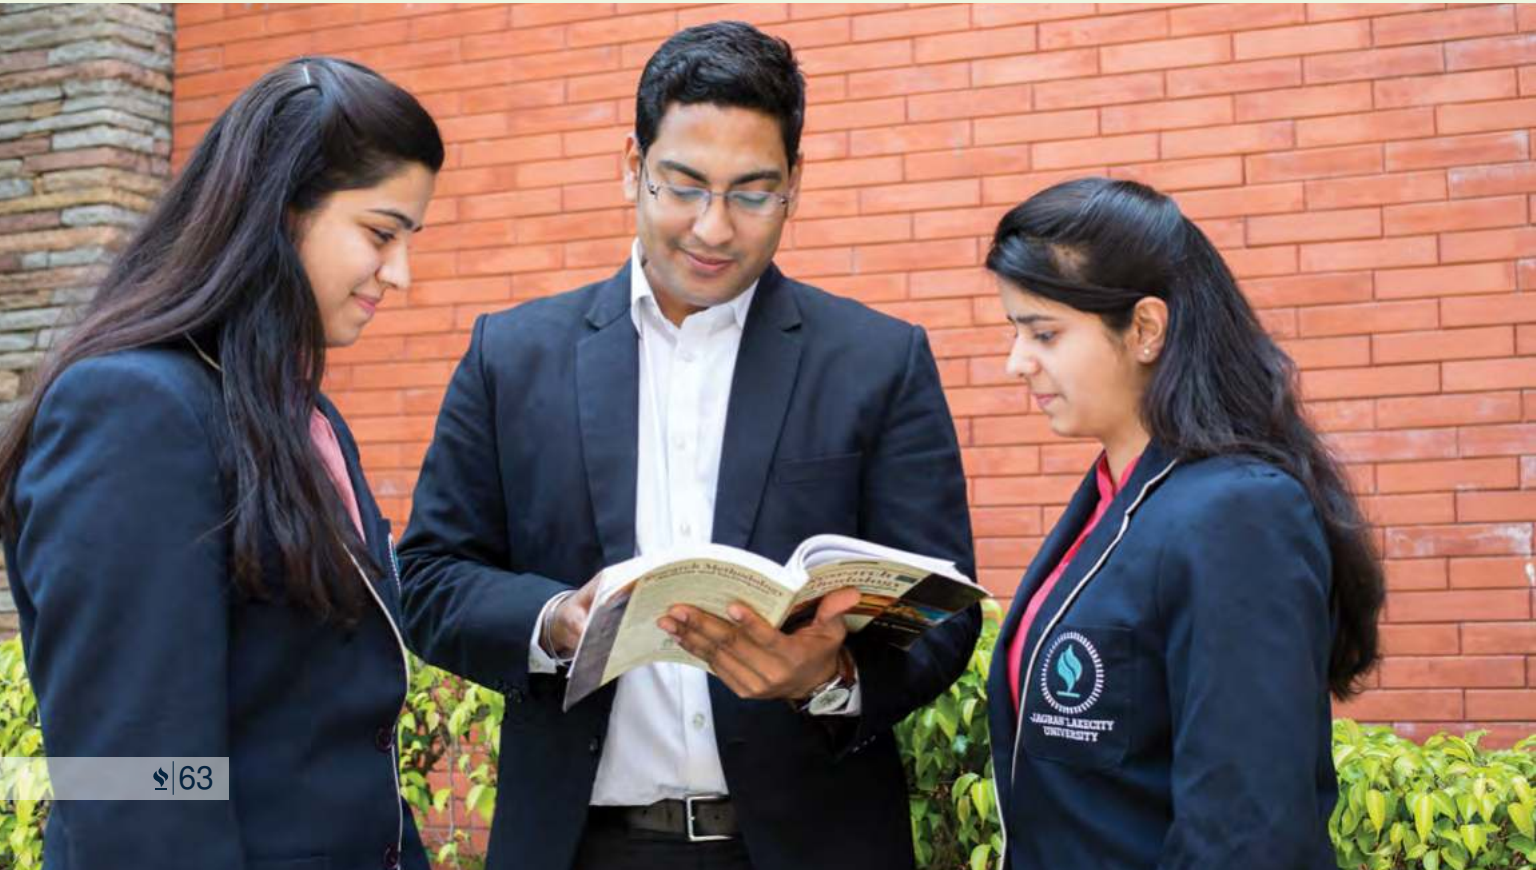

At the Faculty of Law, we are committed to meeting the demands of legal education by exposing the students to the perspectives of legal knowledge and equipping them with the acumen to successfully handle contemporary challenges in the legal field. Students are exposed to new ideas, international perspectives and innovative teaching in a supportive and open academic environment. With a high-quality education supported by unique work experiences, our graduate students are well equipped with the skills they need to be successful in a diverse set of fields, in India and abroad. In line with our vision of being a top-notch practice-based university, our pedagogy includes a well-planned practice regime that includes a well-appointed Moot Court, case studies, presentations and mandatory internship for the students. To ensure international exposure par excellence, we have collaborated with some of the best legal education institutes in India and abroad.

JLU School of Law

The courses offered are:

- BBA LL.B (Hons)
- BA LL.B (Hons)
- BBA (Business & Law)
- LL.B
- LL.M (Corporate & IP Law / Cyber Law & Cyber Security/ Criminal Law & Criminal Justice/ Taxation Law)

“ *An enchanting campus ideal for higher learning. Wishing it to grow as a world class institution in academic excellence.* ”

*Padma Bhushan
Late Prof. N. R. Madhava Menon
Founder of NLUs in India*

Moot Court

Moot court requirements at Faculty of law, Jagran Lakecity University, Bhopal mandates that students participate in moot court arguments before receiving their law degree. Faculty of Law offers right from the first year a series of moot court opportunities to students of different skill levels and legal interests. The activity is competitive by nature, and students vie for honors within their school and in regional and national moot court competitions featuring teams of students from several law schools.

Faculty of Law hosts one of the biggest inter university moot court competitions, annually.

Legal Research Centres

In the legal profession, it is extremely essential for an individual to keep pace with the rapidly changing trends of the society and industry. With the aim of promoting growth of intensive research and study in the booming areas of law, School of Law has established dedicated centres:

CENTRE FOR RESEARCH ON INTELLECTUAL PROPERTY AND ADVOCACY

Promoting innovative research and synthesising knowledge and best practices related to IPR across academia, practitioners and other IP stakeholders.

CENTRE FOR SUSTAINABLE DEVELOPMENT AND ENVIRONMENTAL LAW

To promote environmental consciousness amongst all stakeholders in order to secure environmental justice.

CENTRE FOR HUMAN RIGHTS, GENDER AND SOCIAL INCLUSION (CHRGs)

To promote an environment of enriching legal scholarship on human rights, gender studies and social inclusiveness.

JLU & TAXMANN RESEARCH CENTRE FOR TAX & CORPORATE LAWS (RCTCL)

To promote industry oriented research and teaching in the arena of taxation & corporate laws.

CENTRE FOR CONSTITUTIONAL DEVELOPMENT AND GOOD GOVERNANCE

Promoting interdisciplinary research on constitutional law and good governance towards enriching a cadre of constitutional law scholars.

CENTRE FOR ARBITRATION AND MEDIATION ADVOCACY (CAMA)

To emerge as central India's leading think tank for training and developing cadre of teachers and practicing professionals.

CENTRE FOR LAW, ECONOMICS AND COMPETITION POLICY (CLECP)

Fostering an output oriented interdisciplinary approach to discuss and assess the interplay of law, economics, and competition policy through deliberation and analytical study.

Legal Clinics

As per the mandate of the Rules of Legal Education 2008, Faculty of Law has established a Legal Aid Clinic. The purpose behind having this Clinic is to familiarize law students with problems faced by the people who are either uninformed or ignorant about their rights under the law and to teach them skills to help such people. Legal Aid Clinic is recognized by the Legal Aid Services Authority, Bhopal.

Legal Aid Clinic believes in students becoming the torch bearers of its activities and promotes initiatives taken by them. Students under the supervision of the faculty can assist the people seeking legal advice. They may even bring the matter before the legal service authorities, if needed.

“ *The University is a sparkling institution within the nature. The outer beauty matches the inner brilliance.* ”

*Justice Dipak Misra
Former Chief Justice of India*

Events of Faculty of Law

JLU School of Law has been engaged continuously in enriching its students by organizing National and International level seminars, workshops and conferences. We have had the honor of entertaining the august presence of distinguished luminaries from across the nation and world during these programs.

The faculty of law has taken upon itself the responsibility to provide the best legal education to its students. In the field of law, there are new addendums to the existing stratagem on a frequent basis. Only law professionals seasoned in the art, can shed some light on these addendums. The Faculty of Law brings the best minds in the profession to the campus for its students, and they share their collective experience and give the students a chance to clarify any doubts. When the supreme & high court Lawyers & Judges, Internationally renowned lawyers, and the best arbitrators of the country deliver a lecture or speak at a conference just for the students, they get to learn directly from the masters. The school hosts many such events, one of them being the Annual Moot Court Competition, and makes sure that they become massive enablers for the budding law graduates.

POLICY MONKS

The Faculty of Liberal Arts and Humanities is a hub where students can explore human experiences through a plethora of wide-ranging subjects. The faculty houses JLU School of Liberal Arts and Humanities (SLAH) and the Jagran School of Public Policy (JSPP).

SLAH aims to seek interdisciplinary interactions by questioning the conventional approach and going beyond traditional disciplinary options. The School's holistic approach to creating, disseminating and promoting an inclusive culture has successfully redefined educational experiences among the students.

The mission of the JSPP is to create leaders who could deal with the impending public policies within the country and internationally so as to create a safer, peaceful and poverty-free world. Faculty of Liberal Arts and Humanities envisions being a leading faculty where students are encouraged to research, learn from experience, interact with business leaders and find solutions to real-world problems.

JLU School of Liberal Arts and Humanities

The courses offered are:

- BA Liberal Studies
- BA (Hons) Psychology
- BA (Hons) English Literature
- MA English Literature
- MA Psychology

Jagran School of Public Policy

The courses offered are:

- BA (Hons) Public Policy
- MA Public Policy & Administration

Jagran Centre for Self-Discovery

Stepping into a Higher Education Institute is a big and important transition for a young adult. This is where the youngest members of the University launch their dreams and kick start the mission to achieve their vocational goals through dedicated academic pursuits.

When setting out to achieve these goals, it is important that they are provided with a supportive environment to facilitate this journey and positive mental health is the keystone to lifelong success. 'Jagran Centre for Self-Discovery' established at Jagran Lakecity University is an initiative by the University to provide its student community with a supportive environment where they can discuss their concerns and address the challenges faced by them in their academic or personal life.

The centre would be facilitated by trained professionals and the confidentiality of information disclosed during these sessions and anonymity of the students seeking guidance and/or counselling would be of paramount importance.

JLU Dalham Human Factor Lab

Jagran Lakecity University is proud to partner with Dalham Foundation to establish the first Human Factor Assessment (HFA) Lab in the state of Madhya Pradesh. HFA has a multi-layered series of clinical psychological assessments specifically designed to probe the deepest recesses of a student's psyche (classes 8 and above). It helps parents and teachers interpret and evaluate students' perceptions of the world around them; identify red-flags in their personality traits and analyse their overall emotional and mental well-being.

HFA adopts a 360-degree approach to peer into the personality of a student and understands them better. It uses the science of Thematic Apperception Test in "Perception of the World" section to learn more about the respondents' thoughts, concerns, and motives. Cognitive Assessment, Expression of Self and Social Skills Test constitute an integral part of the assessment. They give us an insight into a child's preferences and potentialities, thus helping them choose the right career and create a happy life.

Events of Faculty of Liberal Arts and Humanities

Faculty of Liberal Arts and Humanities is highly devoted to educate the future leaders who will not only bring positive change in the country but are major contributors to the world order. We leave no stone unturned to bring the best industry professionals, social sector leaders of the country and the world on our campus to interact with our students. These events give students the platform to express their profound knowledge about the policies and functioning that affect the everyday lives of millions.

For Public Policy, guest speakers are veteran professionals of reputed stature, like officers of the Indian Administrative and Police services, Directors and Secretaries of PSUs & Government Departments and such individuals who have spent a lifetime in public services. For Humanities, World-renowned psychologists, critically acclaimed writers, and highly revered individuals from the world of English and contemporary literature, frequently deliver lectures and seminars for our students and share with them the rationale that goes behind development process of their field of study. Students admire them and learning from their lectures or seminars, students' dreams of working for a better tomorrow gets reinstated.

Centres for Research and Development at Jagran School of Public Policy

In the public policy domain, it is extremely essential for an individual to keep pace with the rapidly changing trends of society and industry. With the aim of promoting growth of intensive research, analysis and study in the critical areas of public policy, JSPP has established dedicated centers-

CENTRE FOR AGRICULTURAL AND FOOD SECURITY POLICIES AND RESEARCH (CAFSPR)

Rights of agriculturists and food security are two major concerns in the era of rapid industrialization. Public investment in agriculture has declined steadily and policy approach towards the sector has been piecemeal. The focus of CAFSPR is on initiating extensive deliberations and systematic research in order to shape policy decisions and come up with pragmatic solutions to the problems of agriculture and food security.

CENTRE FOR CLIMATE CHANGE AND SUSTAINABLE DEVELOPMENT (CCSD)

Climate change is the most significant challenge to achieve sustainable development, and it threatens to drag millions of people into grinding poverty. CCSD focuses its attention on the extensive study and research on the issue of climate change and environmental challenges. The aim is to bring about policy formulations that help in building an efficacious framework to combat climate change and ensure sustainable growth at a global level.

CENTRE FOR GOOD GOVERNANCE AND POLICY REFORMS (CGGPR)

Good governance is emerging as a powerful idea in today's progressive global community. Prominent international agencies like World Bank, UNDP, OECD, ADB, etc. have realized that it is a citizen-friendly, citizen-caring, accountable and responsive administration. CGGPR aims to conduct intensive deliberations and research to promote and diffuse the idea of good governance across various levels of governance. The Centre also aims to work closely with policy-makers like Ministers, senior officials, institutions and other stakeholders.

CENTRE FOR ORGANIZED AND UNORGANIZED SECTORS, POLICY AND RESEARCH

Unorganized sector has largely remained outside the control of government. Unorganized sector's contribution to the economy is quite considerable and policy framework to safeguard their interests and rights is necessary. This Centre

focuses on conducting intensive research in the field of organized and unorganized labour. Through various instruments such as seminars, workshops and conferences, this Centre aims to bring ground-breaking policy changes in this said field.

CENTRE FOR STRATEGIC STUDIES AND GLOBAL DEVELOPMENT (CSSGD)

Conflict and strategies studies and related studies has been an important domain for some decades. CSSGD is focused on coming up with effective suggestions to ignite a discourse on strategic issues so as to enhance India's global presence. This will be done with a qualitative analysis of past, present and potential strategies for developing relevant policy documents.

CENTRE FOR GLOBAL NONKILLING AND PEACE (CGNKP)

The Centre for Global Nonkilling aims to foster research and studies that recognizes different forms of killings that occur in society such as homicide, genocide, mass killings, suicide, ecocide and state killings by means of war or death penalty. The centre aims to inculcate humanistic as well as a rational and scientific temperament in the students by exposing them to a variety of beliefs, ideologies, practices, and institutions that have been instrumental in killing as well as in nonkilling activities.

Faculty of Architecture and Engineering

JLU School of Engineering & Technology

Jagran School of Architecture

RANKING

JLU School of Engineering & Technology

JLU School of Engineering & Technology pushes the frontiers of modern engineering & technology through teaching and research, with a mission to seek solutions to important global problems and to educate leaders who are going to turn great ideas into life changing solutions.

Each of our degree integrates elements of traditional engineering disciplines and draw on the strengths of our impressive faculty and their research experience. This foundation combined with practical design-based learning gives you the tools to envision new and effective solutions of top issues in our world and bring them in order to serve society and nation.

The courses offered are:

- B.Tech (Hons) Computer Engineering (AI & ML/ Data Science/ Cyber Security/ UX)
- BCA
- BCA (Hons) Data Science/ UX Design
- M.Tech (Hons) Computer Engineering

Events of JLU School of Engineering and Technology

Events at SOET are aimed to give students a chance to understand the development of sciences, from a historic perspective.

- SOET celebrates 'National Science Day' annually, to commemorate the discovery of Raman Effect by Nobel laureate, physicist CV Raman in 1928. Various activities like quiz on science & technology, poster presentation and expert talks are held where students and dignitaries from IITs and NITs participate.
- National Mathematics Day is celebrated every year on December 22nd to honour the birth anniversary of intuitive mathematical genius Srinivasa Ramanujan and the students of SOET participate in national level Mathematics Olympiad.
- Several workshops on Machine learning with Python, Machine Learning Techniques, Web Technology & Search Engine Optimization.
- National workshop on Optimization Techniques in Science and Engineering Applications to disseminate knowledge on the use of optimization methods for solving various problems of the real world.
- JLU also organizes Science Olympiad for the school students of Bhopal, to encourage the scientific temperament in youngsters.
- University level LAN gaming competition for students from all over M.P.

National Gaming Tournaments

Expert Faculty Guidance

Engineering LABS

The JLU School of Engineering and Technology (SOET) has 24 operational labs which are equipped with all instruments and facilities that an engineering student from any stream might require. The 5 computer labs at SOET have over 100 systems in total and are used for, CAD/CAM/CAE, computer programming, networking and are enabled with WINDOWS and UNIX/LINUX both. These labs are housed in JLU's Mugaliyachap Campus which is spread across 200 acres and provides the ideal environment for practicing. These labs are the testimony of JLU's aim to provide the best hands on learning by giving opportunities to students.

Some of these labs are- Strength of Materials Laboratory, Fluid Mechanics & Hydraulic Machines Laboratory, Thermodynamics Laboratory, Kinematics & Dynamics of Machines Laboratory, Metrology & Mechanical Measurement Laboratory, Turbomachinery Laboratory, Carpentry & Welding Shop. Chemistry Laboratory, Heat & Mass Transfer Lab, Concrete Lab, Surveying Lab, Basic Mechanical & Engineering Mechanics Lab, Physics Lab, Engineering Graphics Hall along with several others.

Computer Laboratories:

Networking and Database Lab:

Configured to support the networking concepts and practices, handling the backend data through various database software.

Programming Lab:

Configured to impart programming language concepts.

Linux Lab:

Configured to deliver the concepts of Linux and Security.

Web Development Lab:

Configured to impart the knowledge of web development and user experience.

High Performance Computing lab:

Configured to execute the concept of Machine Learning and Data Science.

Other Laboratories:

Physics Lab:

Covers the fundamentals of engineering physics with the instruments like diffraction Grating, Laser diode, P-N Junction Diode, Zener Diode, Torsional Pendulum, Solar Cell Equipment, Spectrometer, Fibre Optics Equipment etc.

Chemistry Lab:

Covers the fundamentals of engineering chemistry lab experiments.

Mechanical Workshop:

Mechanical workshop is a place where students acquire knowledge on the operation of various processes involved in manufacturing and production. Students get their hands on big machines like a lathe machine, milling machine, drilling machine, grinders, planners, etc.

Basic Electrical and Electronics Lab:

The basic Electrical and Electronics laboratory is utilized for performing experiments related to fundamentals of Electrical and Electronics Engineering.

Microcontroller and Microprocessor Lab:

The Microprocessor and Microcontroller Laboratory helps the students to understand the basic operation of Microprocessors and Microcontrollers along with fundamental programming skills in assembly language and Embedded C programming.

JLU School of Architecture

Jagran School of Architecture emphasizes on a progressive design approach as well as on comprehensive education. Our school has five unique aspects. First is “thinking-by-doing,” where we not only take a design-built approach, but also underline thinking and creation with different materials and techniques. Second is emphasis on “out-of-classroom” learning, where students work on-site, design with community, nature and vernacular. Third is emphasis on the emerging digital tools. Fourth, we believe that the education of an architect must encompass four core abilities: vocational skills, professional skills, critical thinking and lastly ethical. It is our emphasis on critical thinking and the ethical, inculcated through reading and writing, which makes us one of the exceptional programs and prepares the student for graduate and post-graduate education, whether in India or abroad. And lastly is our network of international collaborations which facilitates students with a wide range of exposure, perspectives, methods and milieu.

The courses offered are:

- B.Arch
- B.Des (Interior Design Architecture)
- Diploma in Interior Design

Faculty of Hospitality & Applied Sciences

JLU School of Hospitality and Tourism

School of Physical Education and Sports Sciences

Academic Partners

RANKING

JLU School of Hospitality and Tourism

The Hospitality & Tourism industry is forecasted to maintain its position as the world's largest employer and the largest provider of management positions. The JLU School of Hospitality & Tourism has been set up with a vision to attain the position of the top-ranked hospitality management schools in the country. Every student at the School benefits from the expertise and experience of renowned faculties with international experience and industry experts from the field of hospitality and Tourism.

Our Faculty members combine strong academic credentials with excellent teaching skills and extensive executive-level industry experience. The holistic development of students forms the essence of the school and is attained through nurturing intellectual competence within the students at both academic and professional levels.

The courses offered are:

- B.Sc Hospitality and Hotel Administration
- BBA Tourism Management
- MBA Hospitality and Tourism Management
- Diploma in Food Production and Patisserie
- Ph.D

Training Kitchen and Labs

The JLU School of Hospitality and Tourism (SOHT) has 3 fully equipped kitchens, 1 restaurant, one front office, one bakery, one housekeeping & laundry lab, and two demo (Hotel) rooms for training. No aspect of the industry is left out in which the students are not trained practically. These labs are housed in JLU's Mugaliyachap Campus which is spread across 200 acres and provides the ideal environment for practicing. These labs are the testimony of JLU's aim to provide the best hands on learning by giving opportunities to student.

Brief Description About the labs:

Basic Training Kitchen (BTK): The Basic Training Kitchen is a well-equipped lab to provide basic training in culinary arts for laying down the foundation stone for young and new hospitality students to become chefs in the industry.

Quantity Training Kitchen (QTK): The lab consists of all the facilities and equipment required for bulk cooking. The lab primarily used for second year students for learning to cater the masses.

Advanced Training Kitchen (ATK): A lab with state-of-art equipment and facilities where students go for specialization in culinary arts. Advanced Training Kitchen is used to provide skill enhancement and learning in modern and world cuisines for final year students.

Bakery: The lab is equipped with modern bakery equipment, molds, tools and facilities where students get to learn about making various bakery products.

Confectionary: This is the lab where the budding chefs hone their skill in confectionary art with the most advanced tools, technology and facilities.

Eattitude: The Training Restaurant: 40 covers fine dining training restaurant which facilitates the students to learn various methods of service of food. Students learn restaurant operations with hands on practice.

Professional Patisserie Training

Carving Workshops

Mock Bar: Students' bartending skills are sharpened here; they learn serving various alcoholic and non-alcoholic beverages with special focus on cocktail, mocktail making and wine service.

Front Office Lab: The replica of hotel Front Office department where the students learn to greet the guest, handling telephones, taking room reservations and various other front office procedures. The lab is fitted with the most advanced technology, tools and equipment. The Hotel Front Office module of IDS software is available for students for live practice.

Housekeeping Lab: Housekeeping lab also called the dry lab, is a place where it's made sure the guest doesn't get a space to complain. The students learn here how to maintain the aesthetic upkeep of the property. All Modern equipment of housekeeping department is present in the lab. The lab also consists of all the materials that can be used for decoration in any kind of events.

Laundry: The laundry is equipped with the industrial dry-cleaning machine and dryers where the students learn to launder the delicate clothes, linen, uniforms etc.

Model Rooms: There are 2 model rooms; one double and other one being one a twin room- the replica of any five-star hotel room where the training of making bed, upkeep of room, bathroom etc. is given to the students.

Computer Lab: Equipped with 30 latest technology computer systems installed with IDS software for the training of students for hand on practice.

Events of JLU School of Hospitality & Tourism

The events for students at SOHT are by far the best in central India, with a strong focus on developing leadership through hands on experience and teamwork with a curriculum designed and shaped by industry professionals.

Some of the highlights are as follows:

- Padma Shri (Dr.) Imtiaz Qureshi illustrated his world famous 'Hyderabadi Biryani', exclusively for students.
- Chef Manjeet Gill, President of the Indian Federation of Culinary Associations, was awarded an honorary doctorate
- Chef Kunal Kapoor was conferred with 'JLU Ignited Mind' award and he's had a long association with the school.

JLU SOHT also organizes enticing events like, Carving workshops, Wine tastings, Food dressing & Presentation Competitions. The visits to Hospitality & Tourism Fairs, Vineyards, National & International Competitions, Seminar, Conferences and Symposium and the industrial visits to the best hotel properties of the nation , instills confidence in the students to become successful.

Entrepreneurship incubation centre at SOHT is to brew the spirit of entrepreneurship among interested students and optional 6 weeks training after completion of First Year along with a compulsory 22 weeks industry training in the Second year, lets the students to learn it all while working in the industry.

School of Physical Education and Sports Sciences

Jagran School of Sports Sciences & Physical Education was established with a mission and objective to uplift the standard of physical education and sports and to produce leaders and role models to make our society physically fit, mentally strong, socially committed and professionally active. At Jagran School of Sports Sciences & Physical Education every student benefits from the opportunity to participate in a comprehensive programme consisting of skill development, lead up games, team sports, and physical fitness activities. The school strives to develop the areas of professional competence and expertise in teaching physical education & sports as a major subject.

The courses offered are:

- Bachelor of Physical Education & Sports
- Master of Physical Education & Sports
- Ph.D

Events of School of Physical Education and Sports Sciences

We believe that a successful student has to be an all-rounder and keeping true to our belief we ensure the students have enough opportunities to showcase their talent both at Inter & Intra University level. The university has a rich tradition of excelling in sports.

The university operates a "JLU Elite Athlete Program" which helps student athletes balance their academic and sporting commitments, by providing a flexible and responsive approach to study. Jagran Lakecity University is a member of Association of Indian Universities (AIU) and participates in all the zonal level tournaments. The following teams have participated in AIU and other inter university tournaments.

- Badminton (Boys/ Girls) • Pistol Shooting • Cricket (Boys) • Football (Boys) • Basketball (Boys/ Girls)

Apart from these the university also conducts several intra university sports tournaments giving ample of opportunities to our students to showcase their talent.

JLU Sports **Scholarship**

“ I received JLU sports scholarship based on my achievements in sports as I am a passionate cricketer and play for the Senior Women’s Madhya Pradesh team. I also represented India Blue and India Green. The scholarship was not only a financial assistance but an assurance that I will be able to balance my aspirations in sports and academics. Faculty members supported me academically because of which my performance on the field remained unaffected. When I look back, I feel that choosing JLU was a step in the right direction for me and my aspirations. ”

Tamanna Nigam

MA (Journalism and Mass Communication) 2017-19

Ranji Trophy Player (M.P.)

Scholarships

At Jagran Lakecity University, we believe in rewarding the hard work and excellence achieved by students in various fields of life. We believe that scholarships should be awarded to deserving students who have displayed extraordinary achievements both in academics and sports. The JLU Scholarships provide impetus to the University's vision of producing leaders who think globally and act locally, by identifying deserving scholars amongst a pool of young achievers. The Scholarships have been initiated to encourage the talent of such students, thereby strengthening the roots of our future generation.

Every year, Jagran Lakecity University offers Rs 2.5cr towards Freeships and Scholarships under the following categories

- Shri Hari Mohan Gupta Freeships
- JLU Excellence Scholarship for Academics
- JLU Excellence Scholarship for Sports
- Shri Gurudev Gupta Media Scholarship
- JLU Defence Service Scholarship

Students gain an unparalleled edge in shaping, strengthening and securing their career aspirations, by being awarded up to 100% scholarship on tuition fees for their programme.

To know more about JLU Scholarship for excellence visit: jlu.edu.in/scholarships

Steps to apply for scholarship:

- Step 1 Choose your Course and Fill Application Form
- Step 2 JLUET / Interview
- Step 3 Admission Offer Given
- Step 4 7 days given for payment of one-time charges
- Step 5 Apply for scholarship along with SOP

Unique Student Centric Initiatives

“ JLU instilled in me the zeal to learn new things and adapt to challenging situations. My journey from being an introvert to opening up and speaking in front of crowds is dedicated to the faculty members of JLU. They pushed me out of my comfort zone and made me a better person ”

*Pratham Saravagi
BBA, Class of 2022*

Centre of Excellence in CSR

JLU Centre of excellence in CSR, a pioneering effort by the JLU, works to create a conducive and enabling climate for Indian Businesses to pursue social responsibility goals. The Centre promotes awareness, encourages thought leadership and builds capacity to achieve CSR and business sustainability across a broad spectrum of issues. The Centre, supported by a multi-disciplinary executive committee, ensures a broad spectrum of perspectives to make the Centre a useful tool, not only for industry and government, but for the Civil Society Organization (CSO) community as well.

Our highly experienced faculty & professionals bring practical and pragmatic solutions to often complex challenges. The Centre also offers access to real and global solutions for companies within the framework multi-stakeholder initiatives such as the Section 135 of Indian Companies Act 2013, United Nations, Global Impact etc. which distinguish it from the majority of initiatives in the sector. It provides timely access to high-quality CSR information and, in doing so, raises the bar of excellence in CSR-related practices for the industry.

Centre for Professional Skills

The JLU Centre for Professional Skills is a stand-alone skill accelerator that aims to equip working professionals, potential job seekers, and students with new age skills and make them ready for today's competitive world.

JLU Centre for Professional Skills is a unique combination of expertise found both in academic and corporate sectors. The difference lies in our approach and methodology used for skill development which is acutely shaped by the need of the groups we cater.

The specific focus of our work is guided by the desire to:

- Enhance language competency, particularly English, in order to aid better communication at workplace and social scenarios.
- Ensure development of interpersonal skills for more effective productivity of the workforce in general
- Develop an attitude in individuals so that they can become functional across teams
- Increase cross cultural awareness and competencies

As part of a University we have access to the best specialists, academics and their latest think tank reservoir, across a range of disciplines, enabling us to tailor fit our offerings.

Career Development Centre

A professionally run Career Development Center (CDC) team at JLU supports the students in their quest for an exciting professional career after graduation. The CDC collaborates with multiple stakeholders - Students, Corporates, and Groups within JLU to facilitate students to evolve in their careers with introspection and self-discovery. The CDC office offers a wide range of activities including but not limited to

- Career Counselling
- Corporate Connect sessions for networking opportunities
- Employability Training through Centre for Professional Studies which is enhanced through the usage of the platform "X-Billion"
- Job Fairs and Campus Recruitment Drives

Our Recruiters

Jagran Lakecity University has an inspiring and commendable placement record over the years. Students have been successfully placed across various industrial verticals including the top MNCs and Financial Institutions. The placement record is achieved through a dedicated placements team which strives hard to bring the best companies and offers on campus. Apart from being offered lucrative and strong packages, the students are also giving challenging profiles within these well-known and sought after companies.

Hear it from Our Students

“ The atmosphere at School of Law is truly exceptional. The faculty members are really cooperative and full of passion. Learning through experience and practice is the most important aspect of legal education and that is exactly what I got here. ”

~Shivani Singh~
BBALLB (Hons.)

“ The wide breadth of experience and knowledge that the Jagran School of Journalism and Communication has given me enabled me to secure a place in a journalism space and a top media organization and the Schools’s sterling reputation has helped me open many doors in my journey to start my professional career. ”

~Yogesh Tejwani~
BA (J&MC)

“ I remember having knowledge about things happening in the nation and around the world, but it was only after I started studying Public Administration as my undergraduate course that I realized there's a lot more that goes on in the systems of government. There have been various guest lectures and field trips that have further added to my knowledge. Today I realize the potential I carry within me and am set to build my career in public policy & International affairs. Talking about the college, Jagran Lakecity University has the best environment for students. The campus, in itself, is a stress buster. "You need to be here to see it" is all I would say. ”

~Tuhina Tiwari~
BA Public Policy (Hons)

“ SOHT has given me ample number of opportunities and proactively created new ideas for my growth .The well designed Campus has extraordinary facilities like well equipped Basic, Advance & Quantity training kitchens, Guestrooms, Restaurant and a Front Office laboratory which creates an extremely professional environment for constant learning. The highly talented & proficient Mentors have always motivated & encouraged me to flourish towards the better. I feel exceptionally fortunate to be a part of SOHT as i believe Sky is the only Limit. ”

~Shivangi Chowdhury~
